

Case study

Walkers Crisps

Key facts

Key vendors: Walkers Crisps

Site: Walkers Crisps

Sector: Civil Engineering

Client: Walkers Crisps

Contractor: Planters

- Solution provider

- Fast setting product

- High durability

Bardon Concrete were able to supply the ideal product to meet the customer's need and cause minimal disruption

Brief

Walkers needed to replace large areas of their yard due to deterioration over time. The new slab had to have the ability to be driven on within 24 hours by HGV's.

Solution

Diamondcrete RA is a fast setting, highly durable concrete designed for heavily trafficked external yards. The concrete was supplied at an S3 slump and is as easily placed and finished as standard concrete.

Slabs were cast and trafficked to schedule to the satisfaction of all parties
